RUSSELL MORLEY **IRDI LEGAL**

Russell is well-versed in all business matters, from advising clients on the sale and purchase of a business through to succession planning for a business and its key individuals. Russell's knowledge in this area extends to complex trust restructuring and reviews, shareholder agreements, succession planning and estate planning.

Russell is also an experienced intellectual property lawyer. He has worked with clients in industries as diverse as engineering, direct sales, liquor and hospitality, industrial and commercial manufacturing, computer software and franchise systems. He has acted for clients to protect and commercialise their intellectual property in technology and licensing matters and regularly advises on the Australian Consumer Law.

Russell has a keen interest in technology and holds a degree in Computer Science (Internet Computing). He is particularly interested in the online environment and the interaction with traditional laws.

JOHN DORAZIO **WALKER WAYLAND**

John is the Managing Director of Walker Wayland (WW), where he also heads up the Audit & Assurance division. John joined WW in March 2002 as a manager of those divisions, was appointed Director in May 2007 and appointed Managing Director in 2017

John's experience and skills include providing audit and consultancy services to entities in a range of industries. He has a keen interest in providing support to mergers and acquisitions with recent experience in purchaser due diligence, vendor due diligence and contract support. John has an interest in transport businesses, franchises, health industries and sporting organisations and is always willing to meet with business owners or organisations that need help improving systems and performance. He also has a strong background in advising small to medium businesses and has an excellent understanding of business processes, systems and internal controls.

John was the Chairman of the Board for Walker Wayland Australasia between 2014 and 2016. Walker Wayland Australasia Limited is a network of independent but like-minded Chartered Accounting firms located throughout Australia, New Zealand and Indonesia. It has 19 offices across Australia, New Zealand and Indonesia and growing in numbers.

John is a Fellow Chartered Accountant, a Registered Company Auditor, a Registered Tax Agent, a Fellow of the Taxation Institute of Australia and a Category 2 Greenhouse and Energy Auditor

MITCH ALLEN **MOMENTUM WEALTH**

Mitch entered the commercial property industry after 8 years in the stockbroking and pharmacy sectors, in which he held advisory and managerial roles, respectively. He has completed a bachelor of commerce, majoring in marketing and entrepreneurship, and is RG146 accredited in securities and managed investments.

Mitch acts as a commercial acquisitions and leasing specialist, working on behalf of investors who are seeking to lease or purchase their next commercial property. His diverse background and personal experience in the industry allows insight and specialist perspective on the unique obstacles the medical industry presents practitioners and investors.
